

## Saad Shah

### CEO, Metric-X

Saad Shah is the CEO of Metric-X, a data analytics consultancy that advises midsize and larger companies. He has over 25 years of experience in quantitative methods, software development and project management.

He brings to the DIS Advisory Board an entrepreneurial perspective as well as insights from the marketplace that hires DIS graduates. As he helps his clients manage and understand their data, Saad gains first-hand awareness of the skills that are in demand, the types of tool and technologies being used, as well as problems that are waiting for a solution.

Prior to starting Metric-X in 2000, Saad worked at Cambridge Technology Partners for three years, and at EDS for seven years. He has worked on technology projects for a variety of companies representing the financial, telecommunications and manufacturing industries. A sampling of companies includes Kemper Insurance, First Solar, AT&T Wireless, OnStar, General Motors and Chrysler.

Saad holds a Bachelor of Science degree in Industrial and Operations Engineering from the University of Michigan.
